## TEACHER INFO.

**Activity:** To make a Welsh Lady pin doll.

**Prep time:** 30mins - 1hour.

The task itself is easy, but the time consuming part is cutting out the template.

Depending on the age of the class doing the activity, they may need your help to cut.

For older levels they can cut out the template themselves.

### Instructions:

Show document pages 1-4 on projector screen if possible.

Learn the name of the traditional Welsh costume- "The Welsh Lady"

Learn the vocabulary of the costume - Bonnet, Blouse, Daffodil etc..

Print pages 5-7 x each student (Preferably print out template on card if possible, as the pin doll is better when its rigid - If printed on normal paper the doll will be floppy)

Distribute one per student and ask them to colour in listening to the instructions.

- "Colour the bonnet in black"
- "Colour the daffodil in yellow"
- "Colour the shoes in black"
- "Colour the blouse in white" (leave blank)
- "Colour the shawl in red"
- "Colour the hair the same colour as yours!"
- "Colour the eyes the same colour as yours!"
